

**Siamese Cat Joint Advisory Committee
SEMINAR**

SUNDAY AUGUST 15TH 2010

TOPIC – COLOUR

Who attends the SCJAC Seminar:

Probationer judges, stewards, cat owners and cat lovers.

About the SCJAC Seminar:

The attendees are welcomed to the seminar and assigned one of the tables set out in the hall. One of the full GCCF judges will then join each table and introduce the seminar topic. The seminar is designed to be informative for all involved and give insight and understanding of the breed and the topic being discussed.

There are approximately 20 cats to be viewed in our seminar, which are subdivided into groups. As with any cat show the cats will be required to be vetted in and penned. Each group of cats will be taken by stewards to the tables individually for observation and discussion.

Once a table has viewed a group of cats they will be joined by a different judge and a new group of cats so that can get a different perspective.

The seminar will be preceded by lunch and will include an interval at a convenient point in the proceedings where tea and coffee will be provided.

A raffle will also be held so all donations are accepted with thanks.
